IV Read general and Revenue Secretary's letter No. 1327–34 and 18-07-28 dated 6th August 1928 stating that it is in contemplation to provide the Hospital assistants and midwives with quarters at the public expense; that the estimated cost for the Hospital Assistants' quarter is Rs 2000/- and for that of midwife's Rs 1000/- and that Savagada and Huliyurdurga are the places selected for constructing quarters for these medical Department Officials and requesting to be furnished with the Residents' views

in the matter and to move the District and Municipal Boards concerned to contribute their usual quota of the cost for constructing these Quarters.

Resolution:— Proposed by Mr. K. Ramanuja Iyengar and seconded by Messrs Singri Naijaffa, Abidali Saheb and C. Srinivasa Rao that in Taluk Head Quarters' the distance from the remotest part of the town to the Dispensary buildings is never much, rarely exceeding a furlong and that Taluk amildars Police Inspectors and Jamadars and Shekdars who experience similar difficulties in regard to getting houses and the nature of whose duties require that they should be under no obligation to any body have yet to be provided with houses and it is frequently difficult to get a house suited to the rank of an amildar while houses suited to the rank of a Hospital Assistant are easier procured, that the money proposed to be spent on houses for the Medical Department Officials can be found better use in other necessary directions but if Government resolve upon constructing these houses, the Board submit that they be ordered in places where the want of accom-

Vaccination and the necessity for Government buildings is brought to their satisfaction. The Hospital Assistants and midwives can always count upon the influence of the members of the Board to procure them houses. In regard to turning the Inpatient Wards into Quarters for these Officials there are many serious objections which the Board placed before Government some time ago and they respectfully invite a reference to them.

The Board find from the current year's Budget that no money can be spared under any head.

With reference to your letter No

Rec'd 18-07-08
requesting that the matter of Constructing
Quarters for Hospital Assistants and
Midwives at Arkalli and Kankal
may be placed before the District
Board and a report submitted to
Government with a copy of the resolution
of the Board I have the honour to
state that when this subject was

placed

placed before the district Board at the meeting held on the 28th September last, the matter was discussed at some length, and it was considered necessary to construct quarters for the use of Hospital Assistants and midwives in Malnad tracts. But as there is no midwife either at Kanbal or at Arehalli, it was resolved that quarters for the Hospital Assistants alone will be required at those places at a total cost of Rs 4000/- of which the district Fund quota would be Rs 2000/-. Considering the law clerk of the district Funds, the Board further resolved that it is not possible to provide for this unforeseen cost from any of the heads of the current year's budget; but if the Government are pleased to approve the cost may be met out of the Savings in the district Fund contributions to the medical budget and by decreasing the expected closing balance of Rs 11,195/- sanctioned in the district Funds budget for 1908-09.

II. Read the General and Revenue Secretary's letter No 1327-34 dated the 6th August 1908 Recd 18-07-08 requesting that the matter of constructing Quarters for Hospital Assistants and Midwives at Arsikalli and Kanbal may be placed before the District Board and a report submitted to Government with a copy of the resolutions of the Board.

Resolution:- Resolved that the Board recognize the necessity for official Quarters being constructed for Hospital Assistants and midwives in malnad places. As there are no midwives located at either Kanbal or Arsikalli, Quarters for the Hospital Assistants only will be required, at those places, at a cost of Rs 4000/- of which the District Fund quota would be Rs 2000/-

Owing to the low ebb of the district funds, it is not possible to provide

for

for this unforeseen cash from any of the heads of the budget for 1908-09, but if approved by Government the cash may be met out of savings in the District Fund contribution to the Medical budget and by decreasing the expected closing balance of Rs. 11,195 mentioned in the budget of 1908-09.

Sir

Adverting to your letter No 1327-34/18-07-28 dated 6th August last, requesting to provide funds for the construction of quarters in Anegur and Harihar Towns for the use of Hospital Assistants and midwives, I have the honor to state that the construction of quarters for the use of officials referred to above is no doubt very necessary but owing to the low state of the finances in these municipalities, it is not possible to contribute any amount towards the construction of the proposed buildings for some time to come. The amount provided for on account of ordinary public works to be executed in these municipalities for the current year, is hardly sufficient to meet the cost of works now sanctioned on account of the prevailing distress. Moreover the finances of the District Board are not in a satisfactory condition and remissions and suspensions of land Revenue assessment in some of the Taluks of the District have been recommended owing to the failure of crops during the current year, and in consequence the Revenue under District Funds would decrease considerably and even fear

the

the Government will have to come to the rescue of the District Board for relieving its financial difficulties next year if suspensions and remissions of assessment have to be granted. this year I therefore beg to propose that the construction of the buildings referred to may be postponed till the respective Boards are capable of contributing their quota

I have the honor to be,

Sir,

With reference to para 4 of your letter 1327-34/medl 18-07-28, dated 6th August 1908, calling for my views in the matter of providing house accommodation for Hospital Assistants and midwives attached to D.F. Dispensaries at Tyamagondu and Belosepet, have the honor to State as follows:—

The proposal is a wholesome one inasmuch as it tends to improve the working of the Dispensaries and also affords facility to indoor patients requiring close and constant treatment at the Dispensary itself. It is necessary that accommodation should be provided for these medical officers and a small rent levied from them.

As regards the contributions

payable by the Municipalities con-
-cerned towards the cost of the buildings
in question. The subject was placed before
the Municipal Boards of the two towns
in question. The Municipal Board of
Tyamagondlu expressed its inability to
meet the cost in one lumpsum owing
to the paucity of funds and agreed to
pay its quota in three instalments
The Municipal Board of Closepet has re-
solved to meet the cost.

The quota payable by each Munici
-pality comes to about Rs 1000/- and consi
-dering the finances of these towns, the
sum is no doubt heavy to be paid in
one lumpsum. The Municipalities
may therefore be allowed to pay the
quota in three annual instalments

With regard to the District Fund,
quota, a separate reference has already been
made vide this office letter No D 786 Dy. 23-1-09
